

Project Brainstorming Guide for Mission Model Inspiration

Directions: Use this template to assist in better understanding the mission models and how they might provide inspiration for a project topic. Each mission model picture has been included on the left side. Complete the rest of the table by writing the model name and then answering the questions in the columns that will direct teams to dig deeper into a possible project topic.

Model Picture	Model Name	What is the common everyday purpose?	Who would use this equipment?	What problems may result from this design?	How could this idea be redesigned?
					
					
					
					

--	--	--	--	--	--

Model Picture	Model Name	What is the common everyday purpose?	Which populations does this model target?	What could be a possible design adaptation?
