## SELECTING A TEAM NAME

SANJAY & ARVIND SESHAN

# COMING TO A CONSENSUS

- The team should decide how they will select the team name
- Will the majority vote win? Will there be compromises and names will be combined? What if someone's idea is not selected? How should they react? Can the coach or a team leader veto the idea?
- Use this opportunity to determine how you will make decisions as a team this season? Selecting a team name is just one decision in a long list of decisions your team will have to make. Coming up with a process early on will help make the process much easier and reduce hurt feelings.

# SOME TEAMS CHANGE NAMES EVERY SEASON

Some teams like to change their name to match the season theme and their team's solution. Above are images of FLL 1920 from different seasons.

# PICK A NAME THEN COMPLETE THE LOOK

Coming up with a logo and a costume or t-shirt can help your team complete the look and create your own identity.
