

# CARGO CONNECT Expansion Part 1

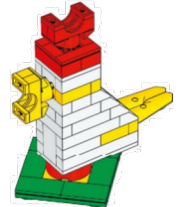

## E01 Install the Chicken Statue

The Chicken starts in Home. Deliver the Chicken to the circle

Entire statue base is inside the circle. Chicken is upright – 20pts

Statue base is partially inside the circle or not upright – 5pts

## E02 Feed the Chicken

Take the six 2X4 brick from the collection of white brick and deliver them to the Chicken. Chicken Feed must touch the challenge mat. At any given time, your robot may only carry one feed brick.

2X4 bricks completely inside Chicken circle and touching mat – 5pts/brick

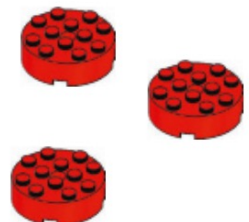

x6

## E03 Clean up the Coop

Ref places 3 penalty discs anywhere completely inside the Chicken circle after the Chicken is delivered and robot has returned home. Clear the space of the discs.

Chicken Coop cleaned up and Chicken still completely inside circle – 10pts/disc

# CARGO CONNECT Expansion Part 2

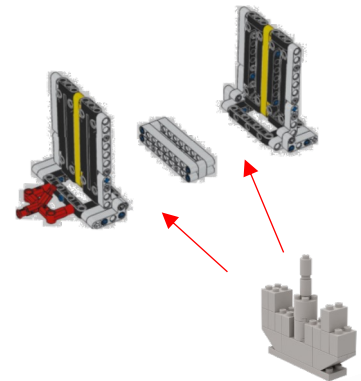

Use the white brick in Bag 16 to build this White Cargo Ship (see next page for instructions)

## E04 Boat Pass

Your robot must move the White Cargo Ship from South to North, passing through either side of the raised bridge.

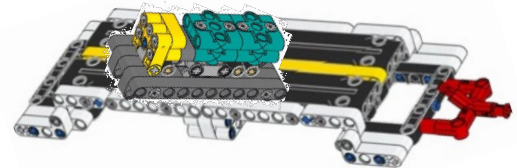

Boat has cleared bridge and moved South to North - 20pts

## E05 Lower Drawbridge

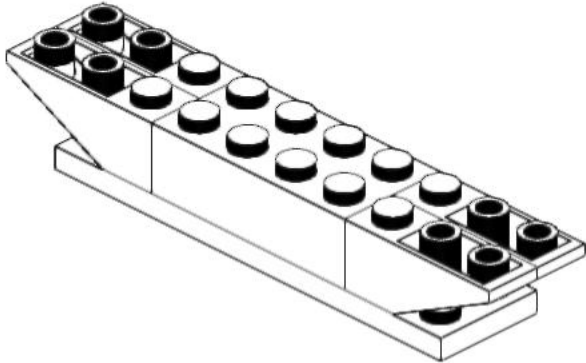

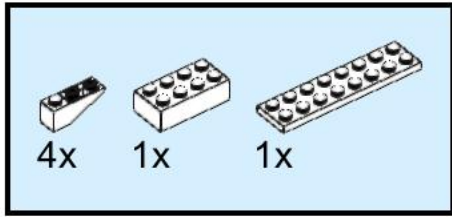

Lower both sides of the bridge and place the small Yellow/Teal truck from Transportation Journey on the bridge. Nothing else may touch the truck except the bridge.

Both sides lowered and truck touching only components of the bridge - 30pts
